

## General

This is one of the best high end Rear Entertainment Systems currently available. 10.1 Vivid LCD with Premium design and aluminium cover. You can fit the screens with the car specific brackets. Via the Media HUB you can connect different media sources like; USB, HDMI, 2x AV input.

The controls on the screen are capacitive and light up when pressed. You can control the functions of the USB player from here or using the remote control. Each screen operates independently, so you can watch a different media source. Each unit can also act as the master so if you need to watch the same movie on both screens just touch the source button.

## Features

- # Premium design with aluminum cover
- # Clear & Vivid 10.1" LCD
- # 1280 x 800 resolution
- # DivX player included
- # Play video / music / photos via USB
