

Thinkware F70 Pro_1CH_32GB_Hardware

Art. Nr: TW-F70P-1CH

Combining 1080p Full HD video quality with Wide Dynamic Range (WDR) technology, the F70 PRO captures high-definition 140° wide angle videos at 30fps, delivering crystal-clear footage with improved contrast and accurate color balance. Powered by a dynamic 2.1MP CMOS image sensor, all details are recorded with exceptional clarity, day or night.

Features

- Full HD (1920 x 1080) @30 fps
