

## Rear camera interface Ford MFD low 4" color screen 2012-2016

Art. Nr: RC-FOR-MFD

### General

The Ford RC-FOR-MFD kit is a plug & play solution for adding an aftermarket rear camera or front camera into Ford vehicles equipped with the OEM 4" media screen.

No dealership programming is required and all connections are made behind the factory screen.

Additionally, both rear cameras can be forced to display on screen at any time, in any gear.

If you want to install aftermarket Rear & Front camera option you need an extra switch: RC-UNI-V

### Features

- # Easy Plug n' Play install
- # Rear camera input
- # NTSC support
- # Trigger wire to force rear camera
- # Front camera input (optional)

### Note

- Verify OEM 4" screen compatibility via model number AND termination resistance before ordering! (see image 2)
- See TAB compatibility for more information
