Multimedia video interface D-max 2016> with OEM 8" head-unit

Art. Nr: IF-ISU-DMX

General

This multimedia interface allows you to connect multimedia & front and rearview camera to your factory navigation system or OEM LCD screen. Whether or not your vehicle is equipped with factory navigation or TV tuner, as long as your vehicle is fitted with a factory LCD screen, our interface can be installed.

Features

- 3 x AV input for external devices
- RGB input for external navigation or NAVplay Android system (optional)
- External navigation control by touchscreen (optional)
- Reverse camera input with guide lines
- Automatic switching to reverse camera input
- OEM button control
- Plug and play cable kit
- Installation via sub-board link

Extra information

- Check at the tab “compatibility” on top of this page if your radio or navigation system is suitable for this product.
- Audio of the connected video source must be linked to the AUX input of car, FM modulator, USB or iPod interface.
- To ensure compatibility, we recommend that the parts pictured in our listing are compared to the actual parts in your vehicle before you make your purchase.
- If still unsure please contact us via email system so we can advise before you make your purchase.
