- Plug and play
- Auto switch to rear camera input when car is in reverse
- Support NTSC video signals only
- For Honda cars with OEM Honda i-MID 8" touch monitors
- 3 Year warranty & Support

REQUIREMENTS

AUDIO OUTPUT	Not available
CVBS	Only compatible with NTSC sources.
LVDS	Not available.
SCREEN	For Honda cars with OEM Honda i-MID 8inch and the newer touch screen monitors
FRONT CAMERA	Not available
OEM REAR CAMERA	Not available
GUIDELINES	No guide lines
iPAS	iPAS option is not available (moveable grid lines)
PIP	PIP option is not available for original parking sensor overlay (Picture in Picture)
REAR SELECT CAMERA INPUT	Must connect the 12V reverse detection wire.
INSTALLATION	We recommend that the installation will be performed by a qualified specialist
NOTE	Power of the additional rear view camera should be taken from the ACC line (Second key turn) otherwise camera input will not be active. The camera input feature *may* need to be activated by a Honda dealership.

24 PIN CONNECTION
